

POWER ENTRY MODULES DG11 NOW ALSO WITH A THERMAL-MAGNETIC

DG11 power entry module, with TA35 Circuit Breaker, which has been optimized and proven over many years, is now available in a version with an additional magnetic release to protect against very high overcurrent (short circuit).

Main Features:

- With sealing: IP54 under load, IP67 towards housing
- Thermal or thermal-magnetic circuit breaker; thermal-magnetic release fast acting or with time lag
- Recessed rocker prevents accidental manipulation
- Various mounting options
- Connector and circuit breaker are prewired
- Circuit Breaker thermal or thermal-magnetic, non-illuminated or illuminated
- Suitable for use in equipment according to IEC/UL 62368-1
